

# The Story of Capital V

Once there was a cat named Vania. Vania's name means "butterfly" and she used colored chalk to draw vibrant butterflies on the various buildings in her cat village. In the middle of each butterfly, Vania made a large V.

# The Story of small v

Even though she was not supposed to,  
Vania made friends with the mice  
in the cat village.

Vania was a kind and generous cat.  
She helped the mice make small butterflies  
on the street curbs  
all throughout the village.
